

Connectivity Meets Color.

The versatile connected organizer now features a high-quality, color display.

The future just got brighter. Meet the Palm IIIc™ connected organizer. It combines functionality, speed and a brilliant color display in a pocket sized, easy-to-use package. And it's every bit as sleek, smart and connected as the other Palm III™ series organizers. Use as your daily companion to store and instantly access all your important information—calendar, e-mail, address book, to do lists, expense lists, memos, etc.

Run any number of applications from the thousands available. Synchronize daily with your PC to keep data safe and current using HotSync® technology. Vivid active matrix TFT color display provides high contrast to make reading easier and graphics more pleasing.

Includes applications such as: AvantGo's Web Channel Manager for off-line web browsing in color, Whitehorse Development's Gammon backgammon game, Infinity Softworks' powerOne enhanced color calculator, and Club Photo's AlbumToGo to view color pictures on your Palm IIIc™ connected organizer.

We've expanded the memory to 8MB so you don't have to. Reliable lithium ion battery supplies up to two weeks of normal usage, yet recharges in just a few minutes. Add color to your world today! Get a Palm IIIc connected organizer!

Four Easy Ways To Enter Data.

Your Palm IIIc organizer is versatile enough to let you enter data the way you want. See how easy it is.

Graffiti® Software—Award-winning Graffiti power writing software is simple. Input easy-to-learn characters with your stylus. You'll quickly learn to write up to 30 words a minute.

PC Keyboard—Input data easily from your PC keyboard. Simply touch a button on the HotSync cradle and everything's accurately in place.

On-Screen Keyboard—Simply tap the characters you want to enter with your stylus. Very fast. Really easy.

Infrared Transfer—"Beam" data and receive information from other IR-enabled Palm OS® devices.

Palm IIIc™ Connected Organizer

Size and weight: 5.06" x 3.17" x 0.67", 6.8 oz.

Color Active Matrix TFT display

Handbook for Palm IIIc organizer

Getting Started Guide

Lithium ion rechargeable battery (internal)

DB-25 adapter

System requirements:

- IBM compatible 486 PC or higher
- Windows 95/98 or Windows NT 4.0
- 8MB RAM minimum (16 MB recommended)
- One available serial port
- Mouse
- 20MB available hard disk space
- CD-ROM drive (diskettes may be ordered)

For more remote access, Mail requires optional modem, sold separately.

Macintosh compatibility:

Macintosh users require PalmConnect® Serial Kit or PalmConnect USB Kit.

E-mail and Expense conduit support available from other developers; optional, sold separately.

CAUTION: This product has a 120 VAC electrical charger intended for use in the US and Canada only. Palm IIIc Travel Recharging Kit with dual volt charger and adapter plug-connectors is available, sold separately.

One Touch Organization.

Color Display

Stunning, high contrast, easy-to-read, active matrix color (TFT) display.

Address Book

Store and instantly retrieve thousands of names, numbers, postal and e-mail addresses.

Date Book

Never be late again! List all your important appointments, deadlines, meetings plus notes, alarms and reminders.

Power/Brightness Button

Press the power button to turn your device on and off, or hold it for a few seconds to adjust the brightness of the screen.

Rechargeable Battery

*Drop it into the HotSync cradle to charge its advanced lithium-ion battery, then take it on the road for up to two weeks.**

Infrared

"Beam" files and applications—even your business card—to other IR-enabled Palm OS® device users. It's easy, fast and fun!

Memo Pad

Jot down those important ideas! You can print your memos easily when you return to your home base.

Find

Locate anything on your organizer instantly. Just enter a name or word in the Find area, and the information appears.

To Do List

Organize your priorities. Sort all the lists you make by category, priority or due date, then check off the items you complete.

E-Mail

Download messages to your organizer, read them, write responses, then send replies when you synchronize using HotSync technology.

HotSync® Technology

Back-up and exchange information with your desktop PC and popular PIMs at the touch of a button. You never have to input data twice, and your data is always safe and up-to-date.

Palm III[™]c
Connected Organizer

Palm™ organizers and PCs, working together.

You rely on your organizer and your PC. HotSync technology from Palm ensures that both have the information you need, ready and waiting. One touch of the HotSync button on the organizer's cradle synchronizes everything from phone numbers and addresses to appointments and e-mail. You only have to enter data once, and you never have to worry about losing data because it's always backed up.

Use your favorite PIM.

Use the included Palm™ Desktop organizer software on your desktop PC or use your favorite personal information manager (PIM) application†.

A link for Microsoft Outlook is included. Other links are available for:

- Symantec ACT!
- Starfish Sidekick
- Lotus Notes
- Lotus Organizer
- Goldmine
- and more.
